DESOTO engineering

DESOTO is a world class rotational moulding company specialising in the design and production of liquid storage and dispensing containers. Tanks and bowlers are produced for fuel, chemical and water applications. Uniquely in the UK, DESOTO design and manufacture all moulding machines and tooling in house ensuring the highest technical standards. Our comprehensive range of products are distributed throughout the UK and Europe.

Our products comply with the latest European standards and provide cost effective solutions to domestic, commercial and agricultural storage and dispensing requirements. Bunded tanks have a 10 year guarantee (subject to conditions) and are supplied with moulded-in fittings and o-ring seals for unsurpassed protection against leaks. Manufactured from high grade polyethylene, DESOTO tanks are corrosion resistant, have high impact strength and UV stabilisation packages.
